

C111

MARCUS FERREIRA, 2026

O C111 explora a relação entre assento e encosto em um único volume, generoso e macio, marcado por uma fenda como lembrança da separação tradicional entre esses elementos. A fenda percorre os módulos como uma expressão gráfica do conjunto, reforçando o encontro entre os planos, de onde o encosto se eleva em uma inclinação que convida a relaxar. A costura canelada, presente nos módulos de sofá e chaise, atravessa a fenda e reforça sua presença.
